2 Preparation Instructions

1. **Prepare Dilutions** (if not already prepared):

- Patchoulol 10%: 1 g Patchoulol + 9 g DPG, warm to 40–50°C if needed.
- Patchouli Absolute 10%: 1 g Patchouli Absolute + 9 g DPG, warm to 40–50°C if needed.
- Black Currant Bud Absolute 10%: 100 microliters absolute + 900 microliters IPM.

- Birch Tar 10%: 100 microliters Birch Tar + 900 microliters DPG.
 - Paradisamide 10%: 100 microliters Paradisamide + 900 microliters DPG.
 - 2-Isobutyl Quinoline 10%: 100 microliters 2-IBQ + 900 microliters DPG.
 - Damascone Alpha 10%: 100 microliters Damascone Alpha + 900 microliters DPG.
 - Galbanum Absolute 10%: 100 microliters Galbanum Absolute + 900 microliters DPG.
 - Iso E Super 10%: 1 g Iso E Super + 9 g DPG.
 - Petitgrain Absolute 10%: 100 microliters Petitgrain Absolute + 900 microliters DPG.
 - Clary Sage Absolute 23%: 230 microliters Clary Sage Absolute + 770 microliters DPG.
 - Galaxolide 23%: 230 microliters Galaxolide + 770 microliters DPG.
 - Boronia Absolute 10%: 100 microliters Boronia Absolute + 900 microliters DPG.
2. Add 487 microliters Ethanol (95%) to a 1 ml amber glass vial.
 3. Add ingredients in order using separate micropipette tips: Patchoulol 10%, Patchouli Absolute 10%, 3% Tonkin Deer Musk Tincture, Iso E Super 10%, Helvetolide, Ambroxan, Galaxolide 23%, Veramoss 23%, 2-Isobutyl Quinoline 10%, Birch Tar 10%, Black Currant Bud Absolute 10%, Damascone Alpha 10%, Clary Sage Absolute 23%, Pink Pepper EO, Petitgrain Absolute 10%, Linalool, Coranol, Lylal, Sweet Orange EO, Star Anise EO, Bergamot EO, Lemon EO, Neroli Oil, Pineapple Essence, Paradisamide 10%, Galbanum Absolute 10%, Atlas Cedarwood Absolute, Boronia Absolute 10%, Hedione.
 4. Seal vial, roll gently for 1–2 minutes to blend.
 5. Rest for 48 hours in a cool, dark place.
 6. Test on skin, adjusting if needed: Deer Musk (20–40 microliters), Paradisamide 10% (40–60 microliters), Veramoss 23% (15–35 microliters), or Boronia Absolute 10% (5–12 microliters).

3 Expected Scent Profile

- **Top (5–30 min):** Bright bergamot and lemon opening with pineapple, sweet orange, and neroli florals creating a sparkling citrus-floral bouquet. Pink pepper and star anise add spice, while galbanum provides green freshness. Boronia begins to introduce the signature tea-like quality.
- **Heart (30 min – 3 hr):** Petitgrain and clary sage with black currant tartness form the spicy-floral core. Atlas cedarwood adds dry-woody structure while florals (lyral, coranol) provide body. Boronia absolute develops the distinctive violet-powdery tea note characteristic of Aventus.
- **Base (3–8+ hr):** Patchoulol, Patchouli Absolute, and Veramoss create the chypre foundation with earthy-mossy depth. Helvetolide, Ambroxan, and Deer Musk provide musky-ambergris richness, while Paradisamide adds clean-industrial edge. Atlas Cedarwood maintains dry-woody character throughout the drydown.

Performance: 5–7 hours, moderate projection with improved brightness, tea-like complexity, and better balance between citrus freshness and masculine woody-chypre base.

Key Improvements: Enhanced citrus opening, signature tea note from Boronia, dry-woody lift from Atlas Cedarwood, and orange blossom bridge from Neroli to better integrate the composition.
