3 Expected Scent Profile

- **Top (5–30 min):** Bright pineapple-citrus opening with bergamot and sweet orange creating a fresh, sparkling introduction. Pink pepper adds warmth and subtle spice.
- **Heart (30 min – 3 hr):** Hedione provides the main floral-citrus radiance. Rose-birch tar combination with black currant tartness. Petitgrain and clary sage add green-herbal complexity. Clean and focused without competing florals.
- **Base (3–8+ hr):** Clean chypre foundation from patchoulol and veramoss. Sophisticated musky backbone from deer musk, Helvetolide, and Ambroxan. Iso E Super provides radiance and longevity throughout the wear.

Performance: 6–8 hours, excellent projection and sillage. Clean, focused Aventus character.

Key Features: Streamlined formula focusing on essential Aventus DNA. Hedione-dominant heart with clean synthetic backbone. Eliminates competing notes for better clarity and performance.

Changes from Original: Removed redundant florals, multiple patchouli sources, heavy resins, and competing musks. Increased bergamot to compensate for missing linalyl acetate. Maintained deer musk as quality musky anchor.
